

## SAT Prep Group Class

We offer two programs to cover students' different needs. Our Express Workshop is a lecture series offered to ensure that every student has a convenient and affordable SAT prep class at their disposal. The Express Workshop is ideal for those students with a busy schedule or those who have the self-discipline to study on their own. Our Comprehensive Program

is a small class designed for maximum student participation, individual goal setting and maximum score improvement. The Comprehensive Program sees an average score increase of 200 points and includes two complete diagnostic practice tests and individually designed improvement plans for each student.
