

2019 Ashland Watershed Youth Training & Employment Program

Looking for a fun summer job working outside?

Interested in learning about ecology, habitat restoration or forestry?

Excited about making the world a better place?

If your response is "YES" to any of these questions then we invite you to apply!

When:

June 24— July 23, 2019

Where: Project work sites are in and around the Ashland Watershed (rideshare provided from Medford)

Who Can Apply:

Juniors and Seniors from Central Point, Medford, Phoenix, Talent and Ashland area high schools

Pay: \$12.00 per hour

Schedule: 32 hours per week, Monday through Thursday

Help make a difference in the world this summer! Put on your boots and gloves and get to work restoring the forests and streams of southwest Oregon. Have fun and make new friends too.

Using the Ashland Watershed as an outdoor laboratory, your participation in this program will help you gain valuable workforce experience as you learn about career paths in natural resources, ecosystem restoration, science and ecology.

Under the guidance of Lomakatsi's professional workforce trainers and environmental educators, as well as daily guest presentations by natural resource specialists, you will take part in:

- Ecological Restoration
- Technical Forestry
- Ecological Monitoring
- Watershed Management
- Invasive Species Management
- Soil Science
- Botany
- Stream Restoration
- Fire Ecology
- Wildlife Habitat Restoration
- Trail Maintenance
- And More!

Are You Ready to Work?

Applications available on our website:
